

In-Article Video Advertising

Chemical Processing In-Article video advertising provides the perfect opportunity for your video ad to be placed within relevant article video summaries on the *ChemicalProcessing.com* website.

Our short-form video article summary is placed prominently at the top of an article page. Your 10 second video ad will be featured pre-roll or mid-roll in our video summary for maximum viewership and recall. Only *Chemical Processing* can offer this unique opportunity and exclusive and prominent placement of your ad within our original video content.

Don't have video ads yet? Not a problem. Our team can work with just your company logo and brief description to allow you to take advantage of this exclusive and exciting new video advertising opportunity.

For just \$3,000 net, your 10 second video ad will be placed in our short-form video article summary prominently on our article page for 3 months.
