

PS 2021 CONTENT SCHEDULE

	Cover Story	Maintenance	Reliability	Engineering	Management / Operations	Automation Zone	Tech Toolbox	Webinars	eHandbooks
January	Operator-Based Maintenance	NFPA 70W 2021	Certifications / Training	Vibration	Supply Chain / OEM Mgmt	Motors & Drives	Robotics: Cobotics		
February	Leadership	PM Optimization	Precision Maintenance: Alignment	Compressed Air	Lean/Six Sigma	System Integration	Alignment Tools	Lubrication	Motors and Drives
March	Smart PMs	Planning / Scheduling (STO)	PdM: Lubrication	Smart Infrastructure	Robotics	Security	Lubrication	Remote Monitoring	Compressed Air
April	Survey: COVID - One Year Later	PdM: Thermography	How Has Reliability Changed?	PdM / RxM	Crisis Management	How Has Automation Changed?	Automation Equipment	COVID: One Year Later	PdM / RxM
May	Motors & Drives	Energy Monitoring	Big Data / Cloud	Industrial Safety	Managing OpEx	Smart Devices	Motors Testing	Compressed Air	Electrical
June	Planning & Scheduling	Bearings Instrumentation	Motors & Drives	3D Printing	Remote / Condition Monitoring	Training / Education	Edge Devices	Preventative Maintenance	IIoT Applications
July	Pump Maintenance	Control Systems: Device / Network Maintenance	PdM: Compressed Air	Bearings	Asset Management Software	Safety	Mobility	Motors & Drives	Control Systems
August	Compressed Air	PdM: Lubrication	Career Development: Higher Ed.	Robotics & Compressed Air	Smart Manufacturing	Scalability	Electrical Safety	Compressed Air	Compressed Air
September	Survey: Workforce	Managing Contractors	Building In-House Reliability Team	Training	Apprenticeships	Your Integrator Partner	Personnel Management	Survey: Workforce	Electrical Systems & Safety
October	PdM / RxM Case Studies	Electrical Systems	Prescriptive Analytics	Instrumentation / Sensors	Lean/Six Sigma	IT-OT Convergence	10 Under 30	10 Under 30	PdM / RxM
November	CMMS/EAM Software Review	Big Data / Cloud	Thermography	Machine Safety	Standards Compliance	Patching / Updates	Portable Condition Monitoring	PdM / RxM	CMMS / EAM Software
December	Best of PS	PdM: Motors & Drives	Instrumentation	Compressed Air	Remote / Condition Monitoring	Future Trends	Flowmeters		Pumping Systems
